## WORKING WOMEN

Their Hard Struggle Made Easier—Interesting Statements by a Young Lady in Boston and One in Nashville, Tenn.

Miss Frankie Orser

Miss Pearl Ackers

All women work; some in their homes, some in church, and some in the whirl of society. And in stores, mills and shops tens of thousands are on the never-ending treadmill, earning their daily bread.

All are subject to the same physical laws; all suffer alike from the same physical disturbance, and the nature of their duties, in many cases, quickly drifts them into the horrors of all kinds of female complaints, ovarian troubles, ulceration, falling and displacements of the womb, leucorrhoea, or perhaps irregularity or suppression of "monthly periods," causing backache, nervousness, irritability and lassitude.

Women who stand on their feet all day are more susceptible to these troubles than others.

They especially require an invigorating, sustaining medicine which will strengthen the female organism and enable them to bear easily the fatigues of the day, to sleep well at night, and to rise refreshed and cheerful.

How distressing to see a woman struggling to earn a livelihood or perform her household duties who her back and head are aching, she is so tired she can hardly drag about or stand up, and every movement causes pain, the origin of which is due to some derangement of the female organism.

Boston, tells women how to avoid such suffering; she writes:

Dear Mrs. Pinkham—

I suffered most for several years with irregular menstruation. My back ached; I had bearing down pains, and frequent headaches; I could not sleep and could hardly drag about. I consulted two physicians without relief, and as a last resort, I tried Lydia E. Pinkham's Vegetable Compound, and to my surprise, every ache and pain left me. I gained ten pounds and am in perfect health.

Miss Pearl Ackers, of 327 North Summer Street, Nashville, Tenn., writes:

Dear Mrs. Pinkham—

"I suffered with painful periods, severe backache, bearing-down pains, pains across the abdomen; was very nervous and irritable, and my trouble grew worse every month. My physician failed to help me and I decided to try Lydia E. Pinkham's Vegetable Compound. I soon found it was doing me good. All my pains and aches disappeared, and I no longer fear my monthly periods."

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for all these troubles. It strengthens the proper action of the system, and dispels all its horrors with no more crash.
